

## USA, GILBERT, INTERNATIONAL ROOM ESCAPE AZ

Indestroom is a very large escape game company. You can pretty much order anything that you can imagine.

**THEY HAVE GREAT ARTISTS WHO UNDOUBTEDLY MAKE THINGS WITH A LOT OF FOCUS, TASTE, AND LOVE.**

They have hundreds of spectacular props that can be adjusted to your requirements. You must be very attentive to each of the props' dimensions that are shown in the videos

They created an exclusive game for us following the specifications we requested.

**DESIGN, COLORS, AND ELECTRONICS WERE PROVIDED ACCORDING TO OUR NEEDS.**

A special mention to Anastasiia and Polly for their help throughout our game's construction process, even though at times, we encountered a little bit of a language barrier (none of us speaks English as our first language).

**ONCE THE GAME ARRIVED AT OUR FACILITY, INDESTROOM'S CUSTOMER SERVICE WAS EXCELLENT.**

One thing arrived damaged, but the technicians helped me solve the problem in a reasonable time (before we open to the public). Of course, you must be patient and learn things that you have never seen before, but nothing is impossible with good support."
