

CUSTOMER'S REVIEW OF OUR ESCAPE ROOMS

MAGIG SCHOOL IS OUR TOP SELLING ROOM!

It is very easy and fast to reset. Everything works like it should. Many customers have **played more than one time**. Just because **they like this game and the atmosphere**.

Jungle is also very popular. This is my personal favorite. It is also difficult in a good way. We have had **lot of good feedback** from customers

Alice Cube is also great game, we opened it same time as Magic school

I want to tell you we have **made one game with our own group**. It is great, but it was also **very expensive**. We spend about 70 000€ to build that game. Unfortunately we have **lot of technical problems** with that room.

I THINK INDESTROOM GAMES ARE MUCH MORE POPULAR AND EVERYTHING WORKS PERFECTLY
